### ZUCCHETTI GROUP AT A GLANCE

We are the leading Italian ICT company with applications designed to meet the most complex company requirements. We design and develop business solutions to enable better performances and realise our partners and clients ambitions.

As an independent software vendor we have a complete control of the products throughout their entire life cycle, guaranteeing business continuity from project to delivery. Companies, banks, insurance companies, central and local public administrations and professionals find in Zucchetti advanced technological know-how, ability to coordinate and manage projects and a broad, functionally complete and extensive range of solutions.

The commitment to our partners, differentiation and custom-built solutions that meet different industries with different needs are the backbone of our success. Our products are easy to use, quick to implement and cost effective.

## “We first of all have expertise”

### OUR STRENGTHS

**INNOVATION.** We are always focused on improving our clients' experience. That is why we continuously invest in Research and Development, to make our solutions grow and keep high our clients' satisfaction. Every aspect of our work can benefit from new ideas and that is the reason why we are always open to creativity. Our teams are willing to share new ideas and develop challenging projects for the future.

**CONTINUITY.** We care for our clients from the very beginning: from the pre-sale support, in order to analyse the clients' requirements, to post-sale technical support, installation and on-site assistance. Furthermore we provide technical training and constant update and maintenance of our solutions. No matter how big is your company, we will always advise our clients to have the best solution.

**SIMPLICITY.** People who run businesses like to get problems quickly solved. Our solutions have a modular structure that enables fast and easy integration. They are easy to set up, easy to implement and have a user-friendly interface.

“We have grown up with **innovation**”

**VISION AND GOALS** THINK GLOBAL ACT LOCAL

At Zucchetti we aim to reach excellence in solutions and services. While we are locally-focused in serving our clients, we work together with our network of partners in

more than 40 countries worldwide to deliver high-quality and up-to-date solutions.

Our goal is to be a leading supplier of state-of-the-art software solutions for any size

business, as much as caring for our partners and clients in their everyday work.

We strive to meet our clients' needs, guaranteeing flexibility and ease of integration.
